DESCRIPTION: 1 colourful base with 3 coloured holes
   1 blue ball
   1 green ball
   1 red ball
   1 xylophone
   1 stick (yellow hammer)

CHILDREN AND PLAY: This colourful wooden toy can be played with in a few different ways. The xylophone may be removed and children may hammer the balls through the holes. The xylophone can be played with separately. If you place the xylophone in the base, the children can hammer the balls through, which then lands on the xylophone and makes sounds. This is a great fun musical, colourful, fine motor toy for young children.

SKILL DEVELOPMENT: Physical development
   Cognitive development
   Musical development
